The above fees may be adjusted in the event of unforeseen circumstances such as: Home study fees: If additional investigation is required as a result of new information that should have been relayed to the home study assessor during the normal home study process, the applicants will be charged \$75.00 per hour for assessor time (including portal to portal) plus expenses (including but not limited to long distance phone calls, copies at .10 cents a page, mileage at .55 cents a mile). The total cost for a domestic infant, in-state adoption is generally \$29,300.00 to \$34,000.00+/- depending on the circumstances, not including finalization fees and possibly medical expenses if biological mother doesn't qualify for any health insurance coverage. This could be subject to change if there are excessive hospital expenses which are not covered by the above fee schedule. With the Ohio and Federal Tax credits totaling \$24,300 in 2020, the out of pocket fee range could be as low as \$5,000 to \$9,460 for qualifying households based on income.

Support for birth parents is allowable by law up to \$3000.00 and Spirit of Faith will work with the expectant parent to seek out and obtain all available services and/or support from his/her community resources first.
